## CHAPTER 16 VALET PARKING

### ARTICLE XVII.

#### **Sec. 16-550. Purpose.**

Valet parking benefits businesses and their patrons by helping alleviate perceived parking deficiencies, enhancing customer service, and encouraging maximum use of less accessible parking spaces. However, unregulated valet parking may cause traffic flow stoppages, unanticipated traffic movements, parking violations and unauthorized use of public areas and private parking spaces. The purpose of this article is to regulate valet parking where its undesirable effects significantly affect public areas or public safety. This regulation is supplemental to the regulation of article IX of the zoning ordinance and all other applicable regulatory, tax and fee ordinances of the city.

#### **Sec. 16-551. Definitions.**

(a) The following terms, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Applicant* means a person making an application for a valet parking license.

*Attendant* means a person who performs any service regarding valet parking on a full-time, part-time or contract basis, including an operator or manager of a valet parking station, and a driver of patrons' vehicles.

*Business* means any commercial establishment in the downtown, except for valet parking.

*Downtown* means the land area defined by the downtown plan.

*License* means the written authorization by the city allowing a person to provide valet parking in a public area.

*Licensee* means the person to whom the valet parking license is issued.

*Public area* means the right-of-way or parking spaces in a parking facility owned by the city, or both.

*Valet parking* means the service of parking vehicles for patrons of a business.

*Valet parking station* means the temporary, removable structure located near the valet parking zone as required by this article.

*Valet parking zone* means the area of the right-of-way where patrons of a business to be served by valet parking may disembark their vehicles.

*Zoning ordinance* means Ordinance No. 455 of the City of Scottsdale.

(b) The terms “adult live entertainment establishment,” “bar,” “parking space,” “restaurant” and “street” shall have the meaning ascribed to them in the zoning ordinance.

(c) The term “right-of-way” shall have the meaning ascribed to it in the chapter 47 of the Scottsdale Revised Code.
